New Gem Everbearing

GEM is a new world wide moneymaker. America's commercial growers' favorite for the last seven years. Why wait a whole year, when Gem will bear luscious fresh Strawberries for home or market this

A Fine Bed of Gem Everbearing

year? The berries are large, smooth, firm and ripen a very sparkling scarlet red all over. Produces enormous sweet and tasty berries that will just melt in your mouth. We think that the fruit of this sensational

New Gem is nature's most precious gift to mankind. There are only four secrets in growing strawberries. Dependable stock, early planting, clean cultivation and blooms picked off for 60 days. Any good garden soil, old potato patch or any moist soil will be an ideal place for Everbearing. Set 12 inches apart in row with rows 3 feet apart. Gardens can be planted closer. A real opportunity awaits you if you start with our husky certified new ground plants that defy drought, heat and frost. This is something to think about. We suggest you plant Gem this spring. Truly a profitable investment. You will never appreciate the real value of GEM until you see those sparkling jewels clinging on your own vines. Do it right, order tonight. Gem tied with black string. Keep in mind for each \$5.00 worth of Nursery Stock that you buy, you may select 50 cents worth of stock FREE. See page 12.

New Bush Everbearing

This peculiar Everbearer grows on large bushes 10 inches high, 15 inches across. We counted 15 fruit stems loaded with fruit from one plant. Entirely unlike any other Everbearer. Multiplies its new plants from crowns. Owing to this it is very productive. Berries large as Mastodon. Some specimens larger, but honey sweet. Finest quality. Ripen up even with attractive dark red color. Bears 60 days after set out. A real giant berry. The Wayzata, Rockhill and our BUSH Everbearing we believe are identical, all the same variety. Plants very limited, so order early.

OAK HILL NURSERY, New Buffalo, Mich.

GIANT MASTODON EVERBEARING

This Wonderberry is nationally known and has stood all tests by commercial growers. A real fancy Everbearing that you will appreciate and admire. No practical grower can afford to overlook Mastodon Everbearing as it was Michigan's greatest Strawberry for over 12 years. You can prove this for yourself on your own soil this summer and fall if you plant Mastodon. Profitable crops have proved it a winner. A crop that you can depend on every year. An acre of Mastodon, 8,000 plants, that will cost you \$50.00 will put more cash in your pockets than 25 acres of ordinary farming. A real opportunity for any farmer or market gardener to realize a daily income. The quickest profits from the least amount of ground. Just think of it, made \$125.00 from only 1,000 plants set.

Fruit of the finest flavor, extremely large. The huge size of the berries are truly marvelous. Just like little apples. Nine Strawberries will top a quart box.

The largest berries on record, and the nearest perfect in every way, size, color, sweetness, flavor and hardness. Mastodon has a record of 5,520 quarts per acre. Sure an ideal berry. Easy to sell from its appearance alone. A fancy berry in the truest sense of the word. For a quick money crop, plant the Mastodon this spring, just as early as your ground can be worked. Earlier the better.

After plants are set out keep off blossoms until July 1st. Then from July 15th you can pick great masses of ripe delicious Strawberries every day till snow flies. All set and harvested in the same year. Then another big crop in 1940.

Our Hardy Northern grown plants are the best for all climates. Mastodon and Gem Everbearing have proven the leaders of all Everbearing. All other varieties are still in the testing stages. We can assure you that you will start right with our certified new ground, fresh dug, hand cleaned and tied with Red String. Act Wisely and Order at Once.

Michiana Everbearing

We are proud to offer this splendid new Everbearing variety. It will fruit in 10 weeks after planting and then continue until winter. This is a mighty fine Strawberry, enticingly rich and sweet, good color, size and has a wonderful future. Why be satisfied with one crop when you can stretch Michiana out to bear 6 months this year and an extra heavy yield next spring? Three crops in 18 months. For a quick crop plant Michiana.

Excelsior Everbearing

Originated in Minnesota. This new variety did very well with us. Berries large and sweet. Bore very heavily for us. The quality is fine. Try them.

Sugar Sweet Everbearing

Sugar Sweet is an oblong Strawberry. Long neck. Easy to hull. They are chock-full of Strawberry sweetness. New shape. New flavor. Sugar Sweet is well named. Clip the flowers off the first 60 days after set out. Then you will have delicious red Strawberries from July until snow flies. Give Sugar Sweet Fallbearing a trial.

Lucky Boy Everbearing

Lucky Boy Everbearing was originated in the East. Claimed to outyield Mastodon 50 per cent. Better plant maker. An ideal fallbearing with us. Large berries and very sweet and delicious. For home or market Lucky Boy will give you four months of fine berries this Summer and Fall. Just Try Them.

Catskill

Catskill made a record with us this past season for heavy fruiting. We picked eight quarts of Strawberries without moving any more than what we could reach. Fruit super large, next to the Fugiema. 18 berries filled a quart. Beautiful dark red Strawberries that are sweet and juicy, different and satisfying. A flavor that you will never forget. Catskill also will increase your profits with the fanciest Strawberries that you have ever seen before. With proper care any soil will yield up its riches. I would not fail to plant Catskill this spring. Hand cleaned, state certified, new ground plants. Tied with lavender string.

Plant Booster

Plant Booster is a natural untitled organic substance of deposits of decomposed vegetable matter that has been accumulating for years. A natural soil rejuvenator that improves the physical condition of the soil. An effective high grade natural soil that we have experimented with for a long time. It is especially prepared by us for our own special growing. Dark colored, light weight, 100 lbs. will equal about 2 bushels. One handful will do wonders under or around each perennial berry plant or any other small plants. Promotes thrifty growth on trees, shrubs, lawns, gardens and potted plants. Can be shipped express or freight. Very inexpensive. We want you to give it a trial. Planting instruction and sample free on request.

Short plant crop.

Fairfax

An outstanding Strawberry of the highest quality. There is something indescribable about Fairfax. Its rich, sweet flavor commands admiration from our roadside customers. Many of our customers say that Fairfax, Dorset and Catskill have produced the most magnificent berries they have ever seen. So enjoy real Strawberries. The U. S. Dept. of Agriculture should get a lot of credit for this wonderful variety. Fairfax has large fruit stems and the fruit matures in clusters. Rich and very sweet. Flesh dark red and juicy. Only 24 berries fill a quart. Picked 8 quarts from a 19-foot row. Good shipper and is medium early. New ground plants. Tied with gray string.

25	50	100	300	500	1,000	2,000
30c	50c	75c	\$2.00	\$2.50	\$5.00	\$9.50

Premier

Premier is a berry without a fault and with perfect satisfaction wherever grown. One week earlier than any other variety in most localities. The Premier berry is medium dark, large size, above the average and very firm. Solid color, bright and glossy. They are beauties in a quart box. This famous variety is practically frost proof. Under natural conditions over \$1,000 can be made from an acre of Premier. This cannot be done from any other farm crop.

A profit-making commercial Strawberry and a world-wide favorite of proven success. Growers know the value of Premier and the consumers demand it. It is a mortgage lifter for any grower. High acre yields and high acre returns. A good early product on the market or on a highway fruit stand. A sure winner. So plant Premier. Plants tied with yellow string.

30c	50c	75c	\$2.00	\$2.50	\$5.00	\$9.50	\$13.50

Dorsett

Dorsett is the miracle Strawberry of the age. It was a sensational discovery and has set a new standard of excellence. Topped the market every day last year. They appeal to any buyer as fancy Strawberries. Topnotcher to berry growers in both dry and wet seasons.

The Dorsett has stood every test with us. Berries have a fine pineapple flavor. Easy to hull. Long stems, high off the ground and just loaded with extra fine, perfect, dark red berries. Blood-red inside. It takes only 23 of these fine Strawberries to fill a quart.

Has a record of over 11,000 quarts per acre. Fruit very large, conic in shape and a color of bright red. Its flavor is mildly sub-acid, aromatic, juicy, sweet, and very pleasing. Dorsett, Fairfax, Oak Hill Special and Premier about the same picking records of over 11,000 quarts per acre.

You will not be disappointed at fruiting time with any of these varieties. From all reports, Dorsett will be a prize-winner and a money-maker for berry growers. Our customers are having wonderful success with this variety. Certified new ground plants. Tied with orange string.

35c	50c	75c	\$2.00	\$2.50	\$5.00	\$9.50

Pink Strawberry

Pink Strawberry is the largest strawberry grown. A great novelty. Pink true color. Strangely different. Runners thick and heavy. Berries sweet as honey. No acid. Real fancy. Super in size. Try out this unusual berry.

12	25	50
35c	60c	\$1.00

White Strawberry

Pure snow-white Strawberry. Berries and plants medium size. Fine flavor, sugar sweet. When you pick these berries they have no hulls. Quite an attraction to grow and show your friends the only pure snow-white Strawberry grown. Try a few.

12	25	50
35c	60c	\$1.00

Black Strawberry

Here is one of the finest quality berries that we know of. When you bite into the Black Strawberry with your eyes shut you will think it is a nice big black sweet cherry instead. It is truly a leader when it comes to delicious flavor. When it comes to size, color, flavor and heavy yielding, all in one variety, then we think the Black Strawberry is an ideal variety. Perfect berries and lots of them. Solid clear through—and a flavor that no other Strawberry has. We urge you to try our superstrain Black Strawberry certified new ground, double root system plants.

12	25	50	100
35c	60c	\$1.00	\$1.50

Pathfinder Strawberry

A very promising new variety from New Jersey State College. We have tested it and found it very pleasing with its performance. Ripens with Premier and fruit maturing over a long season. Berries are very smooth and regular, roundish conic medium to large in size. Marvelous new bright red color. Sub-acid flavor. With us last spring it was an outstanding early variety. Very productive and has very special merit. Pathfinder should bring a marvelous new profit as it is so early and such a fine Strawberry.

25	50	100	300
35c	60c	\$1.00	\$2.75

Fugiema

Fugiema is a new variety from Japan. We are deeply impressed by its fine strong growth, productiveness, quality and flavor. Fugiema's outstanding characteristic is the enormous size of the fruit. This berry is well named. Owing to its large size, it is named after the largest mountain in Japan. Fugiema has a record with us as the largest Strawberry that we have ever seen or grown. Last year we found 14 berries that filled a quart box. One berry measured $7\frac{1}{2}$ inches around, $2\frac{3}{4}$ inches across, and weighed $1\frac{3}{4}$ ozs. Ripe June 19th. Plant Fugiema this spring and surprise your friends with a real SUPER-GIANT STRAWBERRY.

Fugiema will be tied with green string for your protection so you will not get them mixed.

Senator Dunlap (Early)

The Dunlap is the most popular Strawberry in the United States. Known everywhere. Fruit firm, of excellent quality. Good size and an unusually heavy bearer. Has a wide range of soil and climate. Yields big profits for growers. An old time favorite. Plant Dunlap for preserves and for general use. Our biggest plant seller.

Dunlap is the easiest Strawberry grown. What is better than a good fresh shortcake or a can of fruit from the cellar in the winter when snow is piled mile high? Plants tied with brown string.

Oak Hill's Special

This wonderful berry is handsome in appearance, very large, round and smooth. Beautiful rich red color. Grown on long fruit stems, 8 to 10 inches long. Thick as a common slate pencil. Plants grow from 12 to 15 inches high.

From 350 plants we picked 150 quarts of Strawberries from one picking. Our berries were extra large throughout the berry season. We got 25c per quart; never had enough. Think of it, \$37.50 from one picking; 350 plants.

This is our favorite Strawberry. Extra sweet with two big bites to each berry.

Real appetizers, large as a small peach with nature at her best. They sure are giants, both plant and berries. Hand cleaned plants, tied with purple string.

25	50	100	300	500	1,000
35c	60c	\$1.00	\$2.25	\$3.00	\$6.00

Frost King

AT LAST—After 22 years of growing Strawberries we have an extra late Strawberry that we are proud of. This astonishing new variety will mark a new era in growing Strawberries. Especially for the northern growers where late frosts occur and other varieties fail. Frost King is a gold mine at harvest time. Last spring we had the latest and hardest frost we had in years, but Frost King came through with a three-quarter crop.

This Strawberry was also known as Ambrosia—the gift food of the Gods. But we have improved it by selections. We are now convinced that this astonishing new variety is the largest and best extra late Strawberry grown.

Frost King was an eye opener to our Strawberry customers at our roadside fruit stand. Every berry looked as if it was varnished. Super large sparkling red

choice Strawberries. Around 30 berries filled a quart box. A berry like this will always compel attention. A crate of Frost King is a solid blaze of color. They look very handsome and appetizing. This berry has great quality, firm for shipping and is very sweet and luscious.

It will bear enormous quantities of frost proof Strawberries that ripen as late as July 3d after all other varieties are gone and continue for a long season. With us they bore until our fallbearing started. So we have Strawberries from Decoration

day until Thanksgiving. On July 4 we picked \$12.00 worth of berries from 75 plants set the year before. At one picking we got 40 quarts sold at 30 cents per quart. This row produced \$31.80 from four pickings.

We grow this variety extensively for market as it is a tremendous bearer. Regular cropper year after year. Frost King will top them all—quality, color, super size plants, leaves, stems, fruit—and always bring top notch prices. Because it is off season fruit. Extra late. A real opportunity to make some money. The old saying is all that glitters is not gold but Frost King is as good as gold. Our high class summer resort customers and commercial trade demand the best.

So hurry your order to Oak Hill right now for our husky new ground Frost King plants that are all selected strain and approved by the state of Michigan and Indiana Department of Agriculture. Make every foot of your ground pay. Frost King will serve you well and it will be the best buy you ever made. So you cannot afford to pass this up. Put your idle acres to work at once as another planting season is just before us. Plants tied with blue string, no chance of a mistake with Frost King.

25	50	100	300	500	1,000
35c	60c	\$1.00	\$2.25	\$3.00	\$6.00

Jumbo Berry

The Jumbo Berry is the largest of all berries known. Fifty of the largest berries fill a quart box, where blackberries take about 200 berries. Easy to pick this new super size fruit. Jumbo Berry is the new sensation of all the berry growers. A real opportunity to growers for a new fruit that is in great demand. Plants are hardy. Stood 17 degrees below zero. Drouth resistant, very prolific.

Jumbo Berry is a cross between Logan Berry, Raspberry and the Blackberry. We grew the Jumbo Berry 2 years before it was called Boysenberry in California. The Boysenberry and our Jumbo Berry we believe are identical. Fruit dark wine color. It is the sweetest and most delicious flavored fruit that I have ever tasted. You will never forget the taste of the Jumbo Berry.

Does well staked like Dewberry. We think it is one of the most wonderful crosses ever made. Make your garden more fruitful with JUMBO BERRY this spring. You will like them. Plants bearing age.

Tom Thumb Cherry

Fruits regularly and pleasing to all who plant it. A new Early Bearing Cherry. Rare fruit, but dwarf in habit, and fine for your back yard. Hardy for the far north. Grows very bushy and sturdy. Branches are almost solid with fruit. The flesh color is a rich, intense purplish black red that is surely a delight to eat. A delicious sweet flavor that is proclaimed the best of the dwarf Cherries.

Cherries larger than the Hansen and more in the dwarf tree form. Bears first year. No waiting for fruit. Bears heavily and annually. Do not miss it. It's a dandy. Trees run about 4 ft. high.

Each	3	7
35c	\$1.00	\$2.00

Hansen Bush Cherry

After 30 years of effort, Prof. N. E. Hansen has developed a new plant creation. The new Dwarf Bush Cherry which combines two useful qualities both in one plant. A beautiful early white flowering shrub which is a glorious sight. Silvery bluish green frosty foliage. A desirable good fruit and ornamental. Quick-bearing from ground up. Limbs just simply loaded with fruit. Hardy everywhere. Easy to grow. Bears early, heavily and annually. Large as the Sweet Cherry. Makes wonderful, delicious preserves, jellies.

Grows about 3 ft. high and 4 ft. wide with thousands of dark purple Cherries. If left on will stay on all winter. Will be planted by the millions when better known.

When in full bloom the flaming red flowers make it look just like a blaze of fire. A very showy shrub in early spring. Blooming size.

25c Each. 5 for \$1.00.

MAGIC CARPET

A splendid ground cover with thick glossy green foliage forming a dense mat. Very hardy and does well in dense shade. The finest creeping rock garden plant we have ever seen. It will bring charm, beauty and refinement wherever you plant it.

6 for 25c 25 for 50c 100 for \$1.00

Everblooming Chrysanthemum Pink Cushion

Everblooming Pink Cushion Chrysanthemum is the latest in flower creation. Hardy—never winter-kills. Blooms 5 months earlier than any other variety.

Each plant a whole bed of flowers. 1500 to 2500 perfect, shapely, 2-inch blooms on one single bush. Brilliant deep rose-pink changing to mauve-pink with yellow centers. The dwarf of Mums, not over 10 inches high. Plant in bloom resembles the Azalea. Sold under many names. This hardy early blooming perennial created quite a sensation at our nursery from early May until late in November. It was a real show, and brought exclamations of wonder and delight from those who saw it.

Every bloom is a beauty. This wonder plant will bloom this year. After once planted you can amaze the flower world with a bushel size plant. Here is one plant that should be in every garden. Without question it is the world's finest, earliest and best bloomer. Plants ready in April usually with buds.

Each	3	5	10
25c	65c	\$1.00	\$1.75

EVERBLOOMING LILAC

Here's a real thrill in a shrub. Vastly different than anything you have ever grown. For brilliant display of color, we know of no other shrub that surpasses this marvelous new creation. From July until frost, it is always in bloom. Fragrant and fine for cutting. Year after year it will be a beauty spot in your garden. Unusual and rare. Few people have it. Be the first in your locality.

One Bush	5	10
25c	\$1.00	\$1.75

ROSE DAWN

Something entirely new. Dwarf, solid cushion of blue-green evergreen foliage, all winter. Hardy. Fine the year around. Fuzzy like a rabbit's back in winter, quilled like a porcupine in spring. Looks like fireworks in May and June. Rose Dawn is a sensation when in bloom. Spreads to two feet across and two inches high with hundreds of blooms.

35c each 3 for 1.00

BEST RED

The world's finest and richest bright red Gladiolus in existence. A real giant, tall, heavy spikes, with many large flowers. A real choice fiery beauty. A striking variety that will sell as fast as the blooms open. A winner everywhere. The most gorgeous of all the reds.

FINEST PURPLE

Deep velvety purple. A most unusual and desirable color. Large flower. A real beauty. No words can do justice to this Glad. It was a big seller to our flower lovers last summer. Do not miss it.

GOLDEN YELLOW

A Glad in a class all of its own. Large rich golden yellow flowers that are very attractive. One that cannot be beat. Everyone should grow this charming Glad.

BEST BLUE

The most beautiful Glad we have ever seen. A new rare color of unusual blue. Each opening flower will give you a thrill. Extremely attractive.

BLACK VELVET

The best velvety new Black Glad grown. Much admired at our Nursery. Wonderful spikes of real velvet. Most outstanding.

CRYSTAL WHITE

Without doubt one of the most outstanding whites in commerce today. Truly a magnificent Gladiolus. One that you will certainly enjoy growing.

DAINTY LAVENDER

A wonderful shade of lavender. Stands out very prominently in the garden. A real wonder Glad.

ORANGE GLORY

One of the best as to color and growth. Orange Glory is a wonderful show specimen. Distinct and very striking. A stocky tall grower. It is very interesting to grow these nine varieties of super Glads. Each the finest of its color. The very best. Just a few cents will bring glorious beauty to your flower garden all summer. Our Glads are the GLORY OF THE GARDEN.

New Giant Dahlias

The GIANT Dahlias that we offer are the very "BEST BY TEST." Dahlias are the easiest and most popular summer and autumn flowers to grow. Simply gorgeous. A wonderful combination of tints and colors, which attracted much attention at our nursery from July until the last of October. Blooms like this must be seen to be fully appreciated.

RED STAR—The showiest, most attractively Dahlia grown at our Nursery. A Dahlia when once seen everybody wants. Red Star is something unusual and different. You will grow Red Star primarily because you will love this Poinsettia flowered Dahlia. The most brilliant shade of bright red one could wish for. Grows 4 feet high and 4 feet wide. Very bushy, good thrifty growth. Will not blow over. Fine for hedge row. Have found 55 blooms with 164 buds on one bush at one time. Should be in every garden.

HEART OF MILWAUKEE—The world's outstanding Dahlia. Selected for the highest award, at the Chicago World's Fair. Gigantic 10 to 12-inch blooms of apricot-gold on stems 2 to 3 feet long. Bulbs of this variety sold as high as \$30.00 a few years ago. This one is a dandy. Do not miss it.

SCARLET FLARE—Rich glowing red. The most conspicuous of all the reds. Long stems. Good bloomer. Give new life to your garden with this real 12-inch giant. A gorgeous beauty. There is none more lovely than this Dahlia.

OAK HILL MONARCH—The most beautiful Dahlia ever originated. This giant bloom of true deep purple cannot be equalled. The king of all flowers. Try this new one. It has grace and beauty.

ROBERT SCOTT—A very large beautiful apricot-yellow with rose shadings, well formed, early flowers on long stems. One of the finest Dahlias. If you will plant the above eight varieties you will have your friends flock to your garden to see them as they do here at our Nursery.

THE COMMODORE—We have grown this gigantic monster to 12 inches. A prolific bloomer. Six or more 12-inch blooms at one time. Rich pure lemon.

30c each. Three for 85c. One of each, 6 for \$1.50

Giant Dahlias

EUREKA—A Giant WHITE BLOOM 8-10 inches on long 3-foot stems. Fine for cutting. A wonderfully good bloomer. The world's best white Dahlia grown. A ribbon winner wherever shown.

JANE COWL—An extraordinary Dahlia. Huge glistening bronzy buff 10-inch blooms. Brilliant gold petals twisted and curled. Very artistic. A real choice Giant Dahlia to grow. Awarded many sweepstakes and silver medals. Do not fail to grow Jane Cowl if you want a winner. Super-fine.

JERSEY'S BEACON—A succession of monstrous size flowers from early until late. Size 10-inch. Long stems. Bright scarlet, reverse buff with two-toned effect. Looks like a giant red from the distance. One of the most extraordinary varieties in cultivation, flowering early and continuously until frost. Do not fail to grow Dahlias this year. The easiest and the most attractive flower to grow.

LAVENDER GIANT—Size 10x3 inches. Lavender of finest form, on long stiff stems. Perfect blooms and lots of them from August until frost. Our favorite Dahlia. The daintiest Dahlia of all.

PRIDE OF STRATFORD—Large flowers of a brilliant shade of cadmium-orange shading to light orange and yellow at base. Good bloomer for cut flowers. One that will always please.

FRANCES LOBDELL—Pink with white center. A two-color beauty. Good bloomer. A truly sensational Dahlia.

PURPLE GIANT—The queen of the garden. Tall grower. A perfect giant purple red ball that is dazzling and gorgeous.

OAK HILL NURSERY, New Buffalo, Mich.

Aunt Mary's Sweet Corn

Here is something that is extraordinary in sweet corn. The first seed dates back to the Indians and Pioneers of 1812. This seed was treasured and very carefully guarded and went from one generation to another. It was a gold mine to them at 30 cents per dozen for all they could raise. The first seed sold to the public was at \$17.50 per pound.

It was just pure luck that we were fortunate enough to get some of Aunt Mary's Sweet Corn. They claim it is the world's best Sweet Corn and we think they are right as it is the best and sweetest corn we have ever grown. The only corn in the world that does not get tough, stays in milk so long that it requires artificial heat to cure it for seed purposes. Stalks grow large with two extra large ears with kernels of pearl shiny white.

Aunt Mary Sweet Corn will stay in the milk stage longer than any other variety. It will give you delicious roasting ears for over 30 days. Where other varieties are too tough to eat in 8 to 10 days. Aunt Mary was our best seller at our Roadside Fruit Stand.

This Sugar Corn will be well advertised by the people who eat it. The first grower in any locality will outsell his competitor with extra profits. A lot is said of the old and new varieties but here is one case the old is the finest and sweetest corn grown. The real truth about Aunt Mary's Sweet Corn sounds like a "fish story" but we hope to prove to you the merits of the oldest Sweet Corn in the world. Seed very limited this year. Postpaid.

Lawn Grass

THIS IS NEW. A lawn grass that has several distinct advantages as follows. It does not require mowing or sprinkling. A solid carpet in one season. Undoubtedly the most perfect hardy lawn grass for dry conditions. Produces no seed nor throws up no stalks. It spreads by means of runners. The creeping bent of the desert. Makes a

soft thick beautiful green quick lawn. Creeping dense mat on top of ground and joints every 2 inches that take root and makes another plant. Each branching out many more young plants or stolons. Set plants 12 to 18 inches apart each way. This will cover the ground in one season. 100 plants is enough for 140 square feet of lawn.

100 Plants for 75c

200 for \$1.35

500 for \$3.50

Chee Forage Grass

A NEW CHEE FORAGE GRASS introduced by the South Dakota State College. Brought to the United States from one of the driest spots of Siberia. It will grow to a height of 8 to 10 feet in a season, with even less than 8 inches annual rainfall on almost pure alkali soil. Consider this a poor type of soil. On ordinary soil it will grow with equal vigor, not quite as tall but bushy. It makes excellent hay and can be cut two or three times. It may be pastured but will produce more forage if cut for hay. It is a perennial and will last for years and spreads like wild fire from roots just under the ground. With us it stayed green all winter and was already 12 inches high March 15th last spring. Starts very early in the spring and grows fast. Chee Grass does not seed and can be grown from clump plants or stolons only. It can be planted in rows 8 to 12 inches apart in the row. With rows 36 inches apart. Cultivate like corn and you will soon have a solid field. If no longer wanted it can be readily plowed under if field is wanted for other crops. The leaves are quite wide, dark green, very soft and fine. Makes wonderful quick feed when feed is badly needed. Grows anywhere. Defies drouth or wet weather. Do not fail this spring to try out this wonderful CHEE GRASS. You can grow your own plants from 100 to 200 clumps as they will spread to thousands in one year.

The old time Jack and the Bean Stalk Vine. The most hardy rapid growing vine in cultivation. Attaining a height of 50 feet or more in one season. Large leaves give dense shade. Blooms are rosy purple, pea shaped. Like miniature Wisteria, borne in clusters. Cover those bare, unsightly walls, fences, porches, trellises, bird poles or dead trees. We have one on a pole by our seed house and it is much admired. It is a swell vine. Add beauty to your home with a Kudzu Vine.

25c Each 3 for 50c 7 for \$1.00

WONDERBLOOM

World's largest bloom. Grows from 5 to 9 feet high. Every branch a long plume of the most brilliant fiery red blooms. Leaves and stalks and entire plant is red. Easily grown. One seed will grow a plant as shown in photograph, which was 8 feet and 7 inches high. "Gorgeous" is what you will say when you see WONDERBLOOM in full bloom from July until winter, first year from seed.

Pkt. 10c 3 for 25c

Dwarf Gaillardia

GOBLIN is the first really dwarf Gaillardia. A compact variety. Fine for rockery. The neat plants grow about 12 inches high. Closely covered with large showy yellow bordered deep red flowers. Dress up your garden this year with a new dress. We know you'll like it.

25c Each 3 for 50c 7 for \$1.00

HELLO FOLKS

It gives us great pleasure to present our Twenty-second Annual Catalog to over 30,000 of our satisfied customers. I want to express my sincere appreciation to all, whether your order was large or small, as each and every order had my personal supervision. We especially want to thank those who were so kind and recommended Oak Hill Nursery to their friends and neighbors. I urge you to read this little catalog from cover to cover. I have written it from my own experience in testing and watching the development of new varieties. If there is anything new in plants, fruit or vegetables we have it and try it out. We are the only nursery in United States that originated an everbearing and held all records for picking the most Strawberries from one acre. Our total income was \$2,059.20 from one acre. Set and harvested the same year. In eight-year average our Everbearing produced from \$60.00 to \$125.00 per 1,000 plants set.

The United States Department of Agriculture, Bureau of Plant Industry, Washington, D. C., had no record that exceeded this one from one acre

Our New Packing House

10,000 Evergreens just outside of our new packing house. We have just about all varieties and sizes for our local trade. Just drop in and see us at any time as we have so many nice new things to show you. We know it will be very interesting to you. Your visit will be our pleasure. For those who cannot visit us, OUR LITTLE CATALOG WILL SERVE. You are as near to us as your MAIL BOX.

Yours very truly,
EDW. L. LUBKE.

Our Guarantee will be your protection. All stock listed, State Inspected. Guaranteed as represented in our catalog, fresh dug, from young beds, cleaned and trimmed, ready to set out. Arrive in live and perfect growing condition. Everbearers guaranteed to bear first year set, and absolutely TRUE TO NAME.

We shall in no case be liable for any greater sum than the amount paid for Seeds, plants or Bulbs we sell and will in no way be responsible for the crop. Weather conditions and planting are beyond our control. Not liable for any plants sent after May 15th. March until June is our main shipping season.

All orders are booked subject to loss of crop by frost or other unavoidable causes.

References: First National Bank of Michigan City, Indiana, Dun and Bradstreet, Chicago, Ill.

CASH WITH ORDER or 10 per cent deposit will book your order. Balance can be paid at shipping time. Or we can send your order C.O.D. for balance if requested when ordering.

Roadside Fruit Stand

Free Seed Offer

With every \$1.00 worth of seed ordered you may select 15c worth of seeds free. Your choice. For example, \$5.00 seed order, 75c worth of seeds free if requested. I've always sent along a little something extra. And also at your request we will give you a household gift that will last a lifetime. This applies on seed order only. All seed orders postpaid.

Hello Folks

without irrigation. We believe that we grow, pick and sell more Everbearing Strawberries around New Buffalo, and to the roadside trade than any other place in United States. The Everbearing Strawberries are so easy to grow. You can do the same thing in your locality. Start your own trade. Your customers will beat a path to your own door for this delicious fruit all summer and fall. Why take a chance on other farm crops when Everbearing Strawberries give you quick dependable results? JUST TRY IT. My 22 years of experience in growing many varieties sure has been marvelous work. My wife and family and myself have enjoyed it tremendously. We meet so many fine folks each and every year. What a fine gift life itself can give!

We list in our catalog only the best varieties. Some are unusual and extraordinary. All that we use in our commercial trade. It must be good or we do not grow it. Just like our Aunt Mary Sweet Corn. This is unusual as it will give you delicious roasting ears for over 30 days where other corn is too tough to eat in 8 to 10 days.

We also have several Rock Gardens made with Evergreens, rock plants, petrified logs, gold ore and fancy stones from all parts of the United States. We have over 50 varieties of perennials and rock plants in our flower garden. Speaking of Perennials, do not fail to get one of our Perennial Collections of over 30 varieties for only \$1.00. Our flowers and Dahlias are known far and wide and attract hundreds of visitors every year. I wish you could take a walk with me among our

FREE ! A Chance Seedling Free with Plant Orders if Requested.

We want every customer of ours to try out this gorgeous New JUNE BEARING STRAWBERRY. You will get a new thrill at picking time. A variety that you will enjoy growing. You wait and see. The Heaviest Bearer of all Strawberries. Bears Tremendous Crops. It will be like growing Money on bushes. Strawberries and lots of them. We cannot understand how a plant can bear so much fruit. Vines simply loaded.

This new Superior Seedling is Dependable year after year without crop failure. This late Seedling ripens at a time when all other Strawberries are off the market. Exceptionally late. Blooms always escape frost. Super Rich flavored Strawberries of medium size. Juicy, firm and bright scarlet red. Does well on any soil and especially sandy soil, where most varieties fail.

We dare not say too much about this variety as our supply is very limited this year. We hope to have a name for this Chance seedling next year. We want it tried out far and wide. So do not fail to get a few Plants FREE with your order.

OAK HILL NURSERY

NEW BUFFALO, MICHIGAN

New Burbank Tomato

This is one of Luther Burbank's marvelous new creations. A Tomato by far the earliest and best we have ever grown. Just think of it, from seeds planted in open ground will bear fruit earlier than plants from a hotbed. Fruit ripe week to ten days earlier than any other extra early Tomato known. Ripens up perfectly without crack, spot or blemish. Color bright red, and smooth. A continuous bearer throughout the season. A firm, large Tomato of superior quality. Fruit has no open cavities. Seeds are few and small. Slice solid as a beefsteak. Plants resist wilt and other Tomato diseases. Unlike other Tomatoes, the skin peels freely from the rich, firm flesh. If you want a real early Tomato this year, then do not fail to plant this wonderful BURBANK TOMATO. WORLD'S EARLIEST. Packet about 500 seeds; ounce about 7,500 seeds.

Postage Rates

Our reasonable postage rate. We will pay what is over this amount. On Strawberry plants, Asparagus roots, Gladioli and Evergreen Seedlings, 10c per 100 in Michigan, Indiana, Illinois, and Wisconsin. 15c per 100 in other nearby states. 20c per 100 west of Missouri River and Southern Gulf and Eastern Coast states. 30c per 100 west of the Rockies. 45c per 100 in California, Oregon and Washington. Red Raspberry plants, Rhubarb roots, Dahlias, Blackberry, Grape plants: double the above rates. Transplants, Black Raspberries, 2-year Asparagus: 2½ times above rate. Small orders same rate. Be sure to allow postage. Otherwise just remit the cost of stock ordered. When order arrives pay postage and C. O. D. fee to your postmaster or carrier. This will insure the parcel. Our express goes into through cars. Can reach Pacific Coast in five days. Atlantic in three days. Ship express whenever possible as their rates have been greatly reduced. All seed orders are postpaid.

OAK HILL NURSERY, New Buffalo, Mich.

Early Dawn Tomato

Early Dawn is an extra early, smooth globe shaped, bright scarlet tomato. Exceptionally attractive and productive. Was a Gold Medal Winner in 1935. Its rare flavor and beauty is what sold Early Dawn to our customers at our roadside fruit stand. You too will like it immensely. After 4 years of testing with us, we find Early Dawn a very profitable variety to raise.
